The USU Computer Science Department is pleased to offer two new online courses:

**Introduction to Cloud Computing**
and

**Developing Cloud-based Software**

---

**Introduction to Cloud Computing**
1 Credit, Jan. 19 - Feb. 19, 2021

*Foundational Concepts + Hands-on Experience with Compute, Storage, and Networking Services*

To Register, see
CS5890, Section 1 for Spring 2021
CS5250 for future semesters

*prerequisite: CS2420 or equivalent*

**Developing Cloud-based Software**
2 Credits, Feb. 20 - May 7, 2021

*Developing Secure, Available, Scalable, Reliable, and Durable Software Applications in a Cloud Environment*

To Register, see
CS5890, Section 2 for Spring 2021
CS5260 for future semesters

*prerequisite: CS5250 or equivalent*

Both courses are 5000-level, online, and can be taken this Spring. They are part of a new Cloud Computing Certificate program, but can also be part of any undergraduate or graduate program of study. They are open to both degree-seeking and non-degree-seeking students. Individuals looking to pivot their careers into cloud computing are encouraged to join these classes!
